## Book Description

Do you know New York City? The City So Nice They Named it Twice attracts people from all over the world—even little monsters! Did you know that? Monsters are masters of camouflage who can easily hide in plain sight. They lie low among the dinosaur bones in the American Museum of Natural History, go incognito in Times Square and even pay a visit to Lady Liberty! Have fun spotting them all as you explore some of the Big Apple's most iconic landmarks and sights, including the Empire State Building, the Central Park Zoo, 5th Avenue, the Brooklyn Bridge, Grand Central Station, the rink at Rockefeller Center and the Thanksgiving Day Parade.
